# ONTARIO'S GREENWAY

This conceptual map highlights areas of existing intact natural cover. Ontario Nature's Greenway vision is to protect, restore and connect these areas to create an interconnected network of natural spaces across southern and eastern Ontario (Ecoregions 6E and 7E).

Map design by AS the Crow Flies cARTography 2009

Road data from Digital Cartographic Reference Base of Ontario, Geomatics Office, Ministry of Transportation, Ontario, 2009. Regional boundaries derived from Upper and Lower Tier Municipality data, Ontario Ministry of Natural Resources. River data from Ontario Ministry of Natural Resources. Populated Place data © Department of Natural Resources Canada; all rights reserved. Lake data from Geobase®.
